3 STEPS TO SELECTING THE CORRECT SIZE SAW CHAIN

Not sure how to select the correct Oregon chain for your chainsaw? Use this simple 3 step guide.

STEP 1 - CHECK THE 3 KEY SPECS ON YOUR GUIDE BAR

Every guide bar has 3 important specs stamped or laser engraved on it.

May be hard to read if the bar is well used.

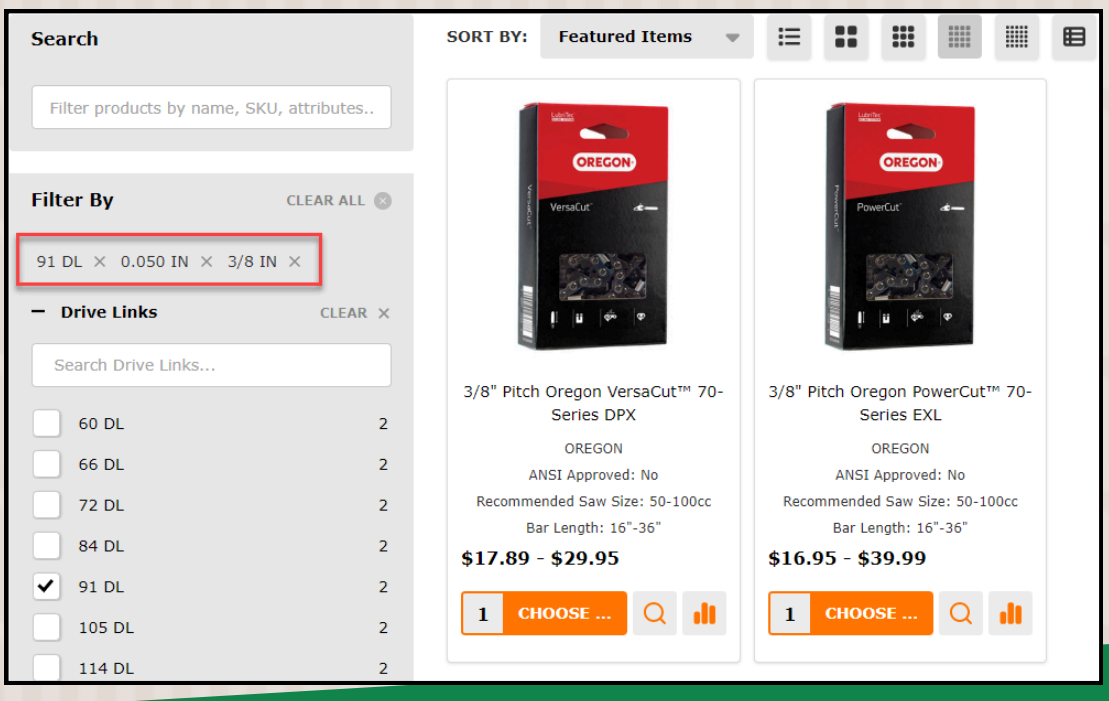

3/8 PITCH

.050 GAUGE

91 DRIVE LINKS

STEP 2 - FILTER BY YOUR GUIDE BAR SPECS AT HTTPS://NORTHERNWOODSMEN.COM/CHAINSAW-CHAINS/

Additional filters available for:

- Bar Length
- Saw Displacement
- ANSI Rating

STEP 3 - PICK THE BEST TYPE OF CHAIN FOR YOUR APPLICATION

- Full-Chisel - high performance, maximum speed cutting, best for clean wood
- Semi-Chisel - easy to hand sharpen, durable profile for cutting firewood, dirty wood
- Micro-Chisel - fast cutting and durable with easy maintenance

- Standard Sequence - ideal for general purpose cutting
- Skip Tooth Sequence - for improved chip clearance on large diameter wood

- ANSI rated - designed for reduced risk of kickback
- Non-ANSI rated - only suitable for users with proper training.

A NOTE ON SAFETY

ANSI B175.1 describes requirements required to reduce the risk of injury due to kickback.

IMPORTANT - Only experienced users with specialized training in dealing with kickback should use non-ANSI rated saw chains and guide bars.

GREEN LABEL CHAIN IS LOW-KICKBACK CHAIN

ATTENTION: READ THIS
WARNING: This saw chain met the kickback performance requirements of ANSI B175.1-2012 when tested according to the provisions of ANSI B175.1-2012. Low kickback saw chain meets the kickback performance requirements of CSA Standard Z62.3.

Suitable for all users including occasional users.

YELLOW LABEL CHAIN DOES NOT COMPLY WITH ANSI B175.1

ATTENTION: READ THIS
WARNING: The saw chain in this package may be capable of kickback that could result in serious injury to the chain saw operator or bystanders. Do not use this saw chain unless you have experience and specialized training for dealing with kickback. Saw chain with reduced kickback potential is available.

Only suitable for experienced users with specialized training.
